We respectfully acknowledge the First Nations peoples of these lands, we now all call home. The ingenuity, strength and diversity of Indigenous cultures enriches us all and we aspire to walk together, as a community, honouring the deep and profound foundations that they have laid for us.

The composers wish to acknowledge the song was written on the lands of the Wurundjeri people of the Kulin Nation. We sincerely hope that our work does justice to the thousands of generations of song-people that have gone before us on this country.

Heart of Australia

I wonder at the stars above, our silent guiding lights.
The wisdom of the timeless past, speaks into my heart.
Though I may stand on distant shores and question from afar,
These sacred golden lands of plenty, speak to who we are.

At the heart of Australia I hear my spirit call.
A longing for a timeless truth that unites us all.
Where the beauty of these ancient lands sings into my soul.
At the heart of Australia, I've found home.

When I look at nature's tapestry, a mystery we recall.
As the rhythm of our seasons, whisper secrets to us all.
Though I may stand on distant shores, hear answers from afar,
This sacred golden land of plenty, speaks to who we are.

At the heart of Australia I hear my spirit call.
A longing for a timeless truth that unites us all.
Where the beauty of these ancient lands sings into my soul.
At the heart of Australia, I've found home.

I found home.

At the heart of Australia I hear a distant call.
A longing for a timeless truth that unites us all.
Where the beauty of these ancient lands sings into my soul.
At the heart of Australia, I've found home.

At the heart of Australia I hear my spirit call.
A longing for a timeless truth that unites us all.
Where the beauty of these ancient lands sings into my soul.
At the heart of Australia, I found home.

Inspire – Celebrate – Unite

The Heart of Australia Creative Team worked closely with Yorta Yorta man, Tiriki Onus in 2019/20 on the mission and vision of the project. As Senior Lecturer in Indigenous Arts And Culture at the Victorian College of the Arts and Head of the Wilin Centre for Indigenous Arts and Cultural Development Tiriki's advice and ongoing support is invaluable.

Australia is home to the oldest living continuous culture on Earth. In Australia there are more than 250 Indigenous languages including 800 dialects. Each language is specific to a particular place and people.

Australian English borrows more than 400 words from Aboriginal languages. In 1788 there were between 300 and 700 Indigenous languages spoken across Australia by millions of people. The Dream Time: Aboriginal cultural and spiritual identity refers to the Indigenous understanding of the world's creation -- a continuing story that never ends. Unlike other religions, Aboriginal people do not put humans on a level higher than nature. An understanding that is important and relevant to the entire planet and environment at this time.

Australia is not only a successful multicultural nation but it is the most ethnically diverse country in the world. With 26% of Australians being born overseas and 49% of people having at least one parent born overseas, Australia has 100 religions and 300 ethnic groups in our cultural melting pot.

The Heart Connections initiative was also launched on 26 October 2022. It will showcase people and groups whose ideas and activities inspire us all.

How it Started?

Initiative (1990) & Documentary (1993)

Launched in Melbourne

Celebrating the 30th Anniversary (2023)

Before it's Too Late Project

The "Before it's Too Late" project was implemented between 1990 and 1995. It supported many leading edge groups, in particular the Lighthouse Foundation, founded by Susan Barton AO. During that time there were many major events held in Melbourne & Sydney. A documentary was produced called, "Our Children's Future in our Hands," (distributed to schools around Australia, including a Manual for teachers); the project generated awareness through national TV, with Max Walker and Robert Kiyosaki as the Spokespersons.

The project also channelled human and material resources to youth support groups. It created educational programs for empowering Youth Groups including a major "Success Congress for Teens" in Sydney, which was supported by leading sports and entertainment celebrities.

The Project and the video received wide acknowledgment within the community. This has included many Government officials and celebrities, who commented:

"It is pleasing to see your efforts in this regard. I wish you well in your continuing efforts for young people...", The Honourable Vin Heffeman.

"The 'Before it's Too Late' project is important to help young people in a positive way." The Honourable Michael John.

"The video only confirmed everything that I have actually felt and know, how important it is for business and Government and Welfare Agencies actually get together and address this problem, not individually but all together. That's the only way we have any chance of solving the problems in our community." The Late John Bell, Managing Director, ESPRIT International.

"I think it's a fantastic idea because too often if you have something to give, what do I do? This way here you will steer me in the right direction." Derryn Hinch, the Midday Show.

"It's people coming to you with skills that can be utilised to help these kids." Steve Liebman on the Today Show.

Lighthouse Foundation

The aims of the Lighthouse Foundation are to care for and give support to disadvantaged children and teenagers, within a safe, loving family environment. The children are also guided into personal growth programs, which encourage them to take responsibility for their own lives. The group was formed to support Susan Barton who has worked tirelessly in this area for over 16 years. The second Lighthouse is starting in 1991.

808

808, otherwise known as the Doncaster and Templestowe Youth Resource Centre, provides a wide range of services to youth in the area. The centre provides accommodation to homeless youth, counselling, personal development courses as well as a variety of recreation, holiday and entertainment activities for all young people in the area, including those with disabilities.

"Groups Supported

Kairos Housing Project

The Kairos Housing Project has established supported accommodation to young people aged 15-24 in the Lamberwell area. The programme is focused specifically on maintaining youth in the education system that may otherwise be lost due to unsuitable circumstances. This is achieved by providing housing to those in need, safe shelter to those at risk and dispensing support to young people so they develop their own independent living skills and self-worth in a stable home environment.

S.E.E.K.

S.E.E.K. was designed to find the most innovative and creative ways of making learning easy. The aim of the group is to give children and teenagers life skills and success strategies for increased academic and personal performance. The group operates regular programmes in Sydney, Melbourne, Brisbane and New Zealand.

Worawa Aboriginal College

Worawa College is the first and only registered Aboriginal independent secondary school in Victoria. The college's underlying education philosophy is based on elements of both traditional Aboriginal and current Western education. The college aims to shape Aboriginal persons proud of both their cultural traditions and identity, and who have the ability to contribute effectively to the community at large.

Documentary Released Melbourne (1993)

Alma Doepel

Alma Doepel is a three masted schooner which has been restored by volunteers in order to give young people the opportunity to learn the rigours of sailing a tall ship. The nine day voyage is designed to instill confidence in the participants by involving them in shared decision making which will effect the group as a whole and to realise their own self-worth through their ability to deal with others. The Alma Doepel celebrated her 90th birthday on October 10 1993.

Discovery

Discovery is a seven day residential adventure offering practical life skills in relationships, communication, education and life understanding. It aims to assist young people to learn more effectively, engender self-esteem and fosters the development of leadership skills.

"Groups Supported

Breaking the Cycle

Breaking The Cycle is an organisation which conducts programmes for unemployed and/or homeless youth between the ages of 15-21. The programme involves a wilderness challenge to build self-esteem and teamwork, educational training to promote a positive attitude to work and life, and business training to gain constructive experience in the workplace and employer placement support. The basic aim of the programme is to "break the cycle" of welfare dependence and to provide young people with the necessary skills to enable them to fulfil their potential.

Warrandyte Youth Services

Warrandyte Youth Services is a youth organisation which provides a range of services to local youth at risk. They assist in the development of these young people by enabling them to take control of their own lives and creating their own opportunities.

Big Brothers / Big Sisters

The Big Brother/Big Sister program is based on the ongoing friendship between an adult and a young person. The "little brothers" and "little sisters" are 7-16 year old youth whose situation in life indicates the need for additional adult support. The "big brothers" and "big sisters" are adults from all fields of life, who seek to support their "match" by providing a range of everyday activities for them to share and by encouraging and taking an interest in their individual welfare.

The First 'Lighthouse' (1991)

"I have worked on some of these programs and they are doing great work. They are focused on creating a cooperative spirit by motivating the community, business and youth support organisations to work together to help solve the vast array of challenges facing our kids."

Ending Child Abuse. Creating remarkable kids!

'SEE WHAT WE CAN BE'

*'Can't you see, what we need, is some love,
just to see what we can be.'*

*'If you look up above to see what is love,
in a little child's eyes is just where it lies.*

*It's time that we took some time for a look,
just to see what is real and really makes us feel.*

*Now you can wait, just for fate, but I'd
rather make a move before it's just too late.'*

Heart of Australia (26 October) Custodianship Past, Present and Future

I HEAR MY SPIRIT CALL

Heart of Australia Song

*"I wonder at the stars above our silent guiding lights.
The wisdom of a timeless past, speaks into my heart."*

Inspired by the song, Heart of Australia, and with a deep respect for the ongoing custodianship of these lands, we seek to honour, support and promote:

- **The heart** of our Indigenous heritage - its wisdom, its continuity.
- **The heart** of these lands we call home - its ecology, natural resources and unique artistic expression.
- **The heart** of our emerging generation of young people - ongoing custodians of these lands.

Heart of Australia Day Something for Everyone

On October 26 each year, the Heart of Australia Day will celebrate the living heart of these lands and its peoples. Uniting Australians from all walks of life and cultural diversity, we seek to promote the ongoing custodianship of this country and its unique environment, and to give voice to what we truly love about each other and these lands.

Heart Awards

Never Miss A Moment

- An initiative preserving an aspect of Indigenous culture that might otherwise have been lost to future generations.
- A new solution to an environmental issue.
- A creative art form and/or expression that celebrates the heart of these lands and cultures, heritage and future.
- A fresh approach to a current community challenge.

Respecting ourselves, each other and the land.

The Deeper Intention of The Heart Awards

Emerging amid a growing awareness of our earth, The Heart Awards will focus on the importance of continuing and supporting the custodianship of these lands, which began over 60,000 years ago, to ensure we can sustain these lands and its peoples for millennia to come.

The Heart Awards seeks to achieve this by inspiring and supporting an emerging generation of custodians committed to these lands and cultures, to find new ways to work with our unique resources in a socially, economically and environmentally sustainable way.

Awards that Keep on Giving from the Heart

The Heart Awards are focused on supporting the creation of practical, real life benefits and outcomes for this country and world.

They include financial grants, allied with empowering mentorships, to enhance their successful implementation for the future of our children and the generations to follow.
